

# PAYROLL AND FINANCE

Come Together

## TAKE YOUR PAYROLL AND FINANCIAL MANAGEMENT TO THE NEXT LEVEL

With the first native, fully automated integration between APS and Sage Intacct.

### THE DAYS OF SPENDING COUNTLESS HOURS RE-ENTERING DATA AND RECONCILING TRANSACTIONS ARE OVER

The APS and Sage Intacct integration provides a seamless experience that unifies key payroll and finance data so you can be more proactive and strategic.

#### WHAT IT DOES

The APS and Sage Intacct integration simplifies your bank reconciliation, expanding your visibility into financial trends and metrics. The integration is designed to aggregate General Ledger, dimension syncing, and employee record syncing into a single workflow.

#### WHY YOU NEED IT

Our flexible integration streamlines data entry, increases the accuracy of financial reporting, and reduces the burden of compliance. With the power of automation, you can accelerate your financial closes and monitor organizational performance more proactively.

#### Our Integration is Designed To:

- Mirror the Chart of Accounts and automatically sync up to ten different dimensions, including user-defined dimensions like grants.
- Give you the option of data delivery with push-button syncing or fully automatic posting of the payroll journal on the check date.
- Allow employees to clock time in dimensions through either a time card, timesheet, or mobile device.
- Maintain audit logs and provide data preview before syncing to catch errors before they happen.
- Automate live check reconciliation and quickly identify missing data with the Check Register integration.
- Bi-directionally sync information between APS and Sage Intacct, with APS acting as the main employee record.

# WITH OUR INTUITIVE TECHNOLOGY, YOU CAN:

- Utilize an all-in-one cloud-based solution that unifies all payroll and HR functions.
- Increase the accuracy of financial reporting by capturing payroll data using dimensions and advanced restrictions.
- Automatically sync employee information, dimensions, and GL data to create an ecosystem that minimizes data entry.
- Leverage industry-leading payroll/HR and accounting solutions coupled with top-rated support to create a best-in-class tech stack.
- Eliminate the administrative burden and risk associated with payroll tax compliance.

## HOW IT WORKS

With our simple configuration, you're ready to start seeing the benefits of automation. Our one-time setup allows you to choose turnkey or push-button syncing, and preview the file for truly automated accounting. With complete transparency between payroll and finance data, you can focus on your business goals.
