

**DATABASICS**

# TIME & EXPENSE FOR SAGE INTACCT CRE

## HOW DATABASICS AND SAGE INTACCT PROVIDE THE COMPLETE CUSTOMER EXPERIENCE

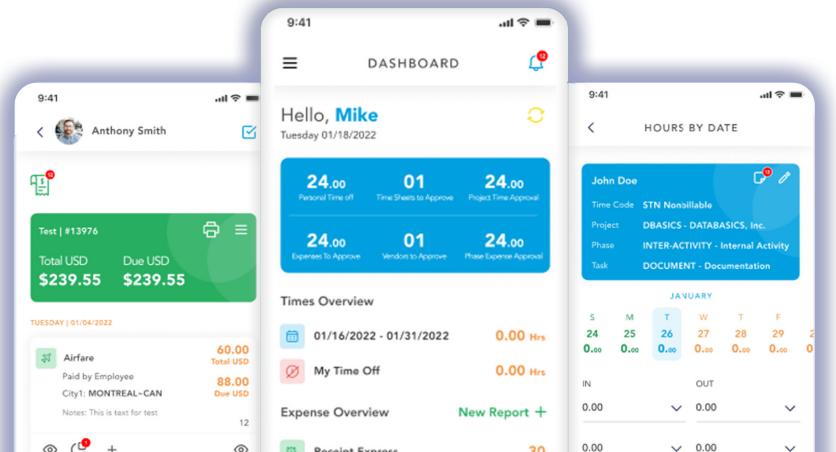

**DATABASICS** offers partners and clients a time and expense solution with an automated bi-directional integration that elevates the usage of your Sage Intacct Construction environment.

**DATABASICS** delivers world-class time and expense management solutions that are the right choice for today and easily adapt to the uncertainties of tomorrow. The bi-directional integration with Sage Intacct simplifies timesheets and expense reporting while empowering companies to better manage projects/work orders and labor.

**DATABASICS** is global, mobile, and fully integrates with your existing business applications, providing your organization with a more efficient billing system and a way to get paid faster. Our partnership and participation in Sage Intacct's Marketplace offers the Sage Intacct community a powerful option for expense reporting and time capture.

Together, **DATABASICS** and Sage Intacct provide clients with a seamless process management solution. We are here to help you get the most from your strategic business processes. We do this by:

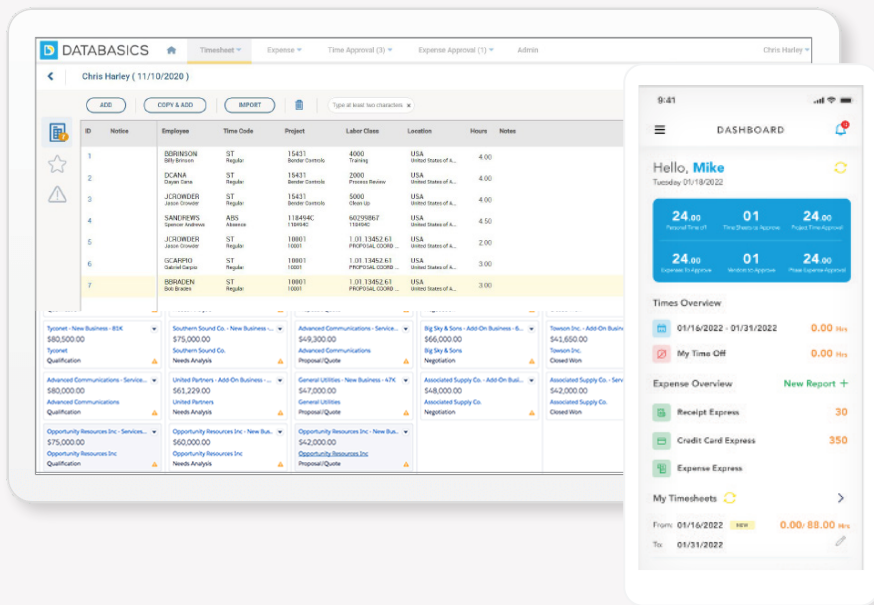

- Saying yes to your requirements;
- Focusing on the complete customer experience;
- Leading with our expertise in customer relationships.

# HOW DATABASICS HELPS CONSTRUCTION COMPANIES

DATABASICS integrates directly with Sage Intacct to provide customers with an all-in-one solution for even the most complex timesheet and expense reporting requirements. These best-fit tools provide a better experience for the whole CRE organization, from the end users to the CFO and everyone in between. Get functionality like crew timesheets, punch-in/out, receipt management, and credit card integrations to increase business efficiency by utilizing Sage Intacct Construction as the source of record. Easily track expense and time to specific cost codes and cost types.

## THE COMPLETE CUSTOMER EXPERIENCE

- With **DATABASICS**, you get a solution that has been fine tuned by working with customers for over two decades.
- Ease of use covers all individuals who interact with our solution, which means that not only do the end users have a highly intuitive, streamlined interface, but the needs of approvers and administrators are also addressed
- You get access to real people available 24 hours a day who can quickly solve your problems. Every member of your team gets personalized attention and quick resolutions.
