Sage Construction Payroll Solutions

Construction payroll is anything but simple. From managing multiple pay rates and union rules to complying with certified payroll and prevailing wage requirements across multiple entities, the complexity can be overwhelming.

That's why Sage offers purpose-built payroll solutions designed specifically for construction. We make it easy to stay compliant and efficient, whether you handle your payroll in-house or prefer to outsource.

Sage

Why Sage for your construction payroll?

Payroll solutions that fit your business

In-house or outsourced — your choice. Sage offers payroll flexibility without sacrificing control. Choose the model that works best for your team.

Sage Intacct Construction Payroll: Run payroll in-house with full job cost integration.

Sage Intacct Payroll powered by ADP Workforce Now for Construction: Outsource payroll without sacrificing control.

Get the same core advantages with both options: job cost integration, compliance automation, and real-time visibility. Plus, if you prefer your current provider, Sage Intacct Construction also integrates with Lumber, Miter, Arcoro, and many more leading payroll solutions.

Purpose-built payroll for complex construction needs

Union wages, certified payroll, multi-entity operations — Sage handles it all with powerful payroll solutions that sync with your accounting and job cost systems.

- Stay compliant with automated certified payroll and union wage tracking.
- Eliminate manual entry with seamless integrations to Sage Intacct Construction.
- Manage payroll for multiple entities, job sites, and tax jurisdictions.
- Give field teams mobile access to time entry, pay stubs, and PTO.

Real-time payroll integration

Connect payroll with finance and job cost and say goodbye to data silos. Sage payroll solutions integrate with your construction financials to keep everything in sync.

- Sync time, rates, and labor costs directly to the general ledger and job cost reports.
- Automate calculations for union wages, per diems, and overtime.
- Maintain accurate, audit-ready records for tax filings and certified payroll.
- Make data-driven decisions with accurate, up-to-date job cost visibility.

Payroll software for every construction business

Our payroll solutions scale with you. So whether you're a specialty contractor growing fast, a GC managing union labor, or a developer juggling multiple entities, payroll will never hold you back.

- General contractors
- Home builders
- Specialty contractors
- Heavy civil contractors
- Real estate developers

The industry's largest and most trusted partner network

We get it — taking the leap to invest in new software can feel overwhelming. Having a partner that understands how you do business is key to ensuring your success. We're proud to have built the largest and most experienced partner network in the construction industry, which means you'll have experts by your side during your software transition who have worked with companies just like you.

What makes our partners exceptional is their commitment to going beyond implementation by helping you meet your goals, sharing best practices, and accelerating your growth.
