

# Preconstruction in the Cloud

Your all-in-one solution for lightning-fast takeoff, complete estimating & bid-ready proposals.

Use **STACK** to power a 10x faster and more profitable preconstruction process. Quickly measure digital plans, collaborate with team members and finalize project estimates — all from one, easy-to-use, cloud-based platform.

## Plan, Spec & Document Management

Easily search, organize, and hyperlink project plans and supporting documents.

## Cloud-based Quantity & Material Takeoff

Measure plans up to 10x faster and empower your team to work anytime, anywhere.

## Detailed Cost Estimating & Proposal Generation

Adjust costs, markup, tax, and overhead to easily create branded proposals.

## Real-time Collaboration & Connectivity

Use robust markup, callout, sharing and invite features to keep your team aligned.
