

Introducing  
**Streamlinea by IQ  
 BackOffice, the  
 Comprehensive  
 Payment Solution  
 for Sage Intacct  
 Accounting Users**

**Paying Vendors Doesn't Have To Be Complicated**

IQ BackOffice's Streamlinea application effortlessly automates payments across entities, locations, and bank accounts in a single payment run delivering the functionality large enterprises need.

Streamlinea is tightly integrated with Sage Intacct, automatically handling common disbursement exceptions that require manual workarounds in other solutions.

Clients can quickly sign up online with a short and easy set-up process.

Streamlinea automates disbursements (check, ACH, & virtual credit card) for better visibility, control, and rebates.

Streamlinea provides secure and comprehensive disbursement solution at the lowest fees:

- **Cost per check is \$1.25 (including postage and positive pay)**
- **Cost per ACH \$0.25**
- **No fees for Virtual card payments while offering rebates on spend up to 150bps**
- **No fee for implementation**
